

Pricing & product-photo sheet

A simple way to keep your own pricing and product photos organized and consistent across listings — for your own reference, not something you upload anywhere on Homewaala.

Product 1

Name: _____

Description: _____

Price: _____

Unit (per box / per dozen / per item): _____

Typical batch size: _____

Photo notes (lighting, background, angle you liked — so future photos of the same item stay consistent):

Product 2

Name: _____

Description: _____

Price: _____

Unit (per box / per dozen / per item): _____

Typical batch size: _____

Photo notes (lighting, background, angle you liked — so future photos of the same item stay consistent):

Copy this page (or print more) for each product you make. Keeping consistent pricing and photo notes across your own listings helps buyers compare and builds a recognizable, trustworthy presentation over time.
